SHOTTLE may be the most unique and consistent sire in the history of the Holstein breed and is leaving an indelible mark on the global dairy industry. SHOTTLE sons now carry on his legacy by excelling in health and fitness traits combined with high type and production. The bulls featured are among the 144 SHOTTLE sons globally sampled in the ABS Cornerstone® Progeny Test program. SHOTTLE—the global phenomenon—continues his legacy through the next generation.
